6. PLAYER DOCUMENTATION & INTERNATIONAL TRAVEL REQUIREMENTS

To ensure international travel arrangements can be finalised efficiently, all players must provide the required documentation within the nominated timeframes.

Birth Certificate

A copy of each player's birth certificate must be provided at the time of registration to verify age eligibility.

Passport Requirements

- Players must hold a valid passport.
- The Academy requires passports to remain valid for at least six months beyond the scheduled tour return date.
- Players who do not currently hold a valid passport must obtain one and submit a copy by the deadline advised by the Academy.
- Failure to provide a valid passport within the required timeframe may result in removal from the touring squad, as group flight bookings and international travel arrangements depend on timely documentation.

Players and families are also responsible for ensuring they meet the applicable United States entry requirements, including any required ESTA or visa authorisation.

Additional travel documentation requirements will be communicated before departure.

7. MEDICAL INFORMATION & PLAYER WELLBEING

The health, safety and wellbeing of our players are a priority.

All players will be required to complete a medical history and health information form prior to departure.

This information enables our coaching, management and medical support personnel to understand any relevant medical conditions, allergies, medications or other health considerations and provide appropriate care while on tour.

All medical information will be treated confidentially, accessed only by authorised personnel where necessary and will not be used as part of the player selection process.
